Regarding the Upper & Lower River Road County Water and Sewer District  
Phase 3 –water and sewer construction.

Dear Rep. Kasten,

As a member of Long Range Planning, I am asking you to support the request from this group out of Great Falls. They have been working on this issue for years. They have worked with effected members of this neighborhood, seeking input and consensus. They have looked to funding from private sources as well as grants and loans. They have brought together varied groups to cooperate because this is a serious health issue in the area. Their request is reasonable and badly needed. Thank you so much for your positive consideration of their request.

Best regards,

  
Rep. Sue Dickenson
